Description

SAT offers solutions exclusively designed to your specifications. Effectively streamline, optimize, and renew your processes, delivering the experience your employees need and your customers desire.

We design our 119Z cash drawers to provide the perfect blend of elegance, versatility, and reliability for your business (24/7 operation).

The 119Z series offers options for automatic opening via receipt printers or computers, and manual opening via key. Ideal for retail markets, supermarkets, corporate environments, and checkout counters requiring constant handling of cash.

Cash drawers are designed to provide the ideal compact experience thanks to their compartments for coins and banknotes.

Constructed with metal components for enhanced durability.

Operation of over one million opening cycles.

Easy compatibility via RJ11 port with receipt printers.

Installation flexibility.
Ideal for point-of-sale solutions
