

SAT VP1000 PRICE CHECKER | Android RK3566

FEATURES

- Modern and compact design.
- Ideal for use at payment points and price checking stations.
- Ideal for 24/7 operation.
- High-durability capacitive touch technology.
- Versatile connectivity with a wide variety of interfaces.
- A versatile solution suitable for small, medium, and large businesses.

DESCRIPTION:

The SAT VP1000 is a device designed for price verification, ideal for supermarkets, stores, and warehouses. It features a 10.1" IPS touch screen with HD resolution, delivering clarity and ease of use. It includes an integrated barcode reader with 1D and 2D scanning capability, ensuring fast and accurate scanning. Running Android 12, it offers Wi-Fi and Bluetooth connectivity for seamless integration. Its VESA mount enables wall installation for optimized access. An efficient solution for point-of-sale price management.

Management System Compatibility

The SAT VP1000 runs on Android 12, allowing the installation of price verification applications compatible with the operating system, enabling easy integration with existing management solutions.

Integrated Barcode Reader

Equipped with 1D and 2D reading technology, it scans linear barcodes and QR codes quickly and accurately.

Applications

Supermarkets

Restaurants

Shopping malls

Grocery stores

Pharmacies

Fruit stores

Airlines

Intuitive Touch Interface

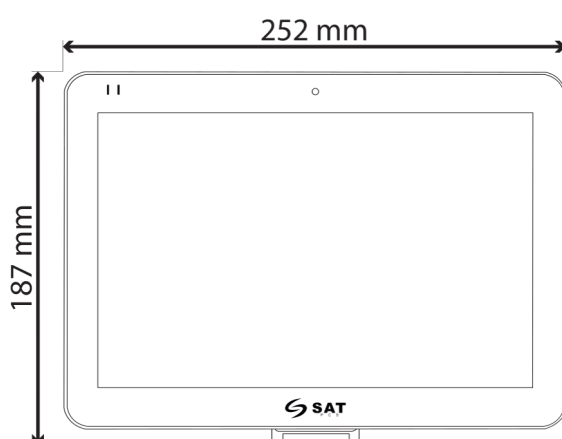

An instant-response touch screen that ensures fluid navigation and a simplified user experience.

AGILE & COMPACT DESIGN

The SAT VP1000 price checker features an elegant, compact, and industrial design with a 10.1" display, ideal for any type of small or large retail store. Its fully touch-enabled operation offers users a fast, practical, and easy-to-use experience.

INTEGRATED BARCODE READER

The VP1000 price checker integrates an industrial barcode reader module with 1D and 2D scanning capability, ideal for reading linear barcodes and QR codes. With a scan speed of 270 scans/sec, it is the perfect solution for both large and small stores.

WALL MOUNT INSTALLATION

The SAT price checker supports wall mounting via a standard 75x75mm VESA mount, ideal for installation between aisles in stores and supermarkets. Installation can be done using a generic or standard traditional monitor wall mount (wall mount NOT included).
