DESCRIPTION

SAT POS Solutions custom-designed exclusively for your needs. Streamline, optimize, and effectively renew your processes, providing the experience your employees need and your customers desire.

We design our 38T Printers to deliver the perfect combination of elegance, versatility, and reliability for your business (24/7 operation).

The 38T Series offers high printing speeds of up to 300mm/s, thanks to its patented technology that manages the print alert buzzer. It maintains low energy consumption, energy efficiency, and environmental friendliness without compromising performance.

Thermal printers are designed to deliver the ideal compact experience thanks to their printing speed.

The 38TUSE Printer only requires one consumable (thermal paper), due to its printing method.

Its operation supports multiple communication interfaces (USB-SERIAL-NETWORK), ensuring high compatibility with POS systems.

LED indication technology for paper feed, error, and power.

Installation flexibility. Ideal for POS billing solutions (Payment points, Restaurants).

2 YEARS WARRANTY
